

# Adjectives

**An adjective is a DESCRIBING WORD. It describes a noun or pronoun.** The task is to design a robot for use around the home. A student has to draw a picture of the robot and label the features and describe the function of each. **Circle the adjectives in the labels. Then write a paragraph describing each robot and circle all the adjectives in your description.**

Student A - garbage robot

---

---

---

---

---

---

---

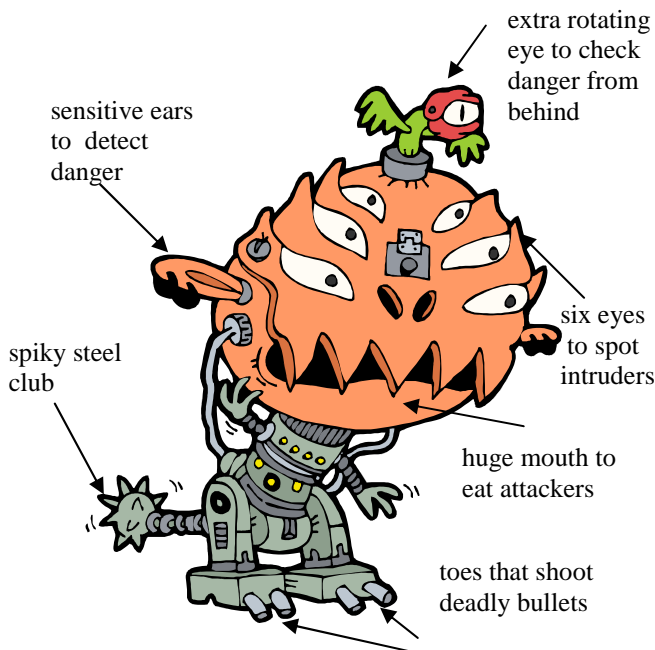

---

---

---

---

---

Student B - guard dog robot

---

---

---

---

---

---

---

---

---

---

---

---

**In your book, write a paragraph evaluating the robots. Answer the questions: Which is the best robot? Why? How could each robot be improved?**
